## Pictures come alive

#### **TYPES OF PRINTS**

>>>>-Imagine a photograph on your wall that each time light dims, your photographs seem to go to sleep too.

Metal printing with acrylic encapsulation lest us live the experience of seeing how our photographs seemed as if they were having a sunshine or sunset every time that the surrounding light changes.

>> Made using premium-quality materials which create sharp, crisp prints at a large scale.

>> Built to last, using inks that have a fade-resistant rating of at least 100 years.

>> Vibrant colors in a super wide gamut with original EPSON inks

>> Premium Glossy Chromaluxe High Definition metal panel Easy to clean and can be wiped down using a damp cloth.

>>>>-Stretched canvas means that the same material is wrapped on an inner wooden frame, which gives the product thickness and depth. Gallery canvas means double frame thickness for that extra presence. And finally, multipanel canvas (or multicanvas) are a unique design statement - one design across multiple stretched canvas. Your choice!

Premium quality paper with a printed design. Simple and effective!

## Want Your Wall

The entire world is crying out for the emotional experience. The world is bored beyond belief. It's why people are glued to smartphones, it's why they spend \$1000s going to Disney World. To feel something, to be emotionally affected.

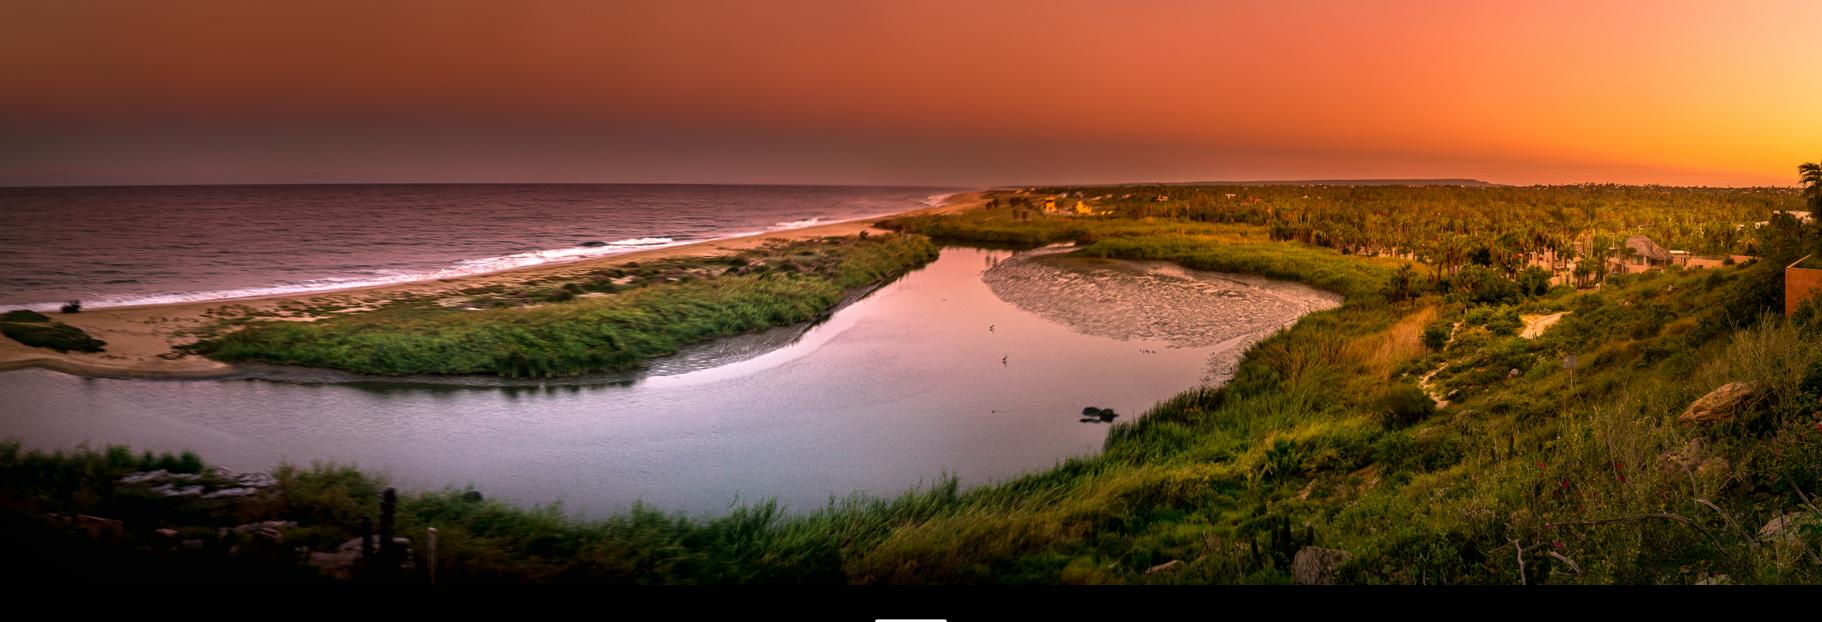

Emotion here, means: How you experience the world. Your internal thoughts and feelings about things. It's how you "color" the experience with your own mental reactions to the outside world.

This tour is meant to be FOR the photographs. Each of them has an amazing story to tell, their side of the story. The main objective is to give the audience the opportunity to have a unique piece of art at home of which they know the story behind, so that every time a friend of family member asks about it, they can get a wonderful and emotional story to tell.

It is not about the picture, it is about what is behind.

WELL, THIS IS JUST A REMINDER OF BEAUTY. THIS PICTURE ISN'T AN IMAGE OF AN AMAZING ROCK OR A PARTICULAR PLACE, NOT EVEN A SPECIAL MOMENT. THERE IS NOTHING SPE-CIAL ABOUT THIS PIECE OF ART UNTIL YOU SEE HOW BEAUTIFUL SIM-PLICITY IS. NATURE GIVES US THAT, IT TEACHES US THAT IT DOESN'T HAVE TO BE PERFECT, JUST UNIQUE. LET'S TAKE CARE OF THIS BEAUTY AND BE GRATEFUL THAT WE CAN STILL BE OBSERVERS OF IT. TAKE CARE OF OUR HOME.
